Date: _____

Name: Darius Blesseth Kahn Age 16 Gender: male

Date of Birth: June 1, 2005 Place of Birth (County) Bomi County

Current Grade / Class 9th Current average: _____ Contact No: _____

Family Members (parents): Mr. Boakai and Mrs. Jenneh Kahn

Parent(s) Contacts: 0770403296/0881973638 Email (if any): _____

What do you want to be when you grow up and why: A medical doctor, because I want to save many lives.

What do you enjoy doing (hobbies): I love reading books during the day.

WHY DO YOU CONSIDER YOURSELF A STUDENT IN NEED OF ASSISTANCE: TELL US YOUR STORY

Childhood / School Life: I was born onto the Union of Mr. Boakai and Mrs. Jenneh Kahn on June 1, 2005 in Klay District Bomi County Liberia. I am the least of five children born onto my parent consisting of three (3) boys and two (2) girls.

For the short period I have noticed that many people suffered and died from minor sicknesses in Liberia, and I want to stop people from dying from curable sicknesses in Liberia. My dream is to make people happy by putting smiles on people faces.

I am motivated when people are cured from sicknesses that are minor and curable.

I started my primary education at the St. Dominic Catholic school in Tumanbury Bomi county. Later I moved to the St. Mugga Catholic school in Klay District Bomi county where I attended from the 1st to the 6th grade. Later, I moved to Montserrado to further my education; while in Montserrado I have attended the Ankliram Community Institute on VOA road, Brewerville and graduated from the Elementary division.

At the same VOA road in Brewerville, I attended the Cradle Kid Foundation school from 7th to 8th grade. And later moved to the St. Gabriel Catholic school in Parker Corner Brewerville where I am presently in the 9th grade.

My parent have been very supportive in paying my fees, because they believe in my dream of becoming one of the best doctors in Liberia. They have been sacrificing for me because they want the best education for me.

My parent can no longer afford to pay

my tuition at St. Gabriel Catholic School, because the fees is high and they are old and getting sick. My mom who is a teacher is not well and getting old day by day. With out a Sponsorship, I may not complete my education because my parent can no longer afford to pay my fees.

My ambition is to become one of the best doctors in hiberia, I want to become one of the best doctors, because I want to solve the problems of people living with major and minor diseases in hiberia and around the world, I want to stop people from dying from curable sicknesses.

I need Sponsorship to complete high school, and further my education.

When I am given support I will study harder and complete my high school education, and go to the university where I will study chemistry and biology in order to fulfill my dream.
