### WHY DO YOU CONSIDER YOURSELF A STUDENT IN NEED OF ASSISTANCE: TELL US YOUR STORY

Childhood / School Life: My name is Georgina Kamara  
Mr David G. Kamara and Ms. Faith Z  
Tanguoi are the names of my parents.

I am twelve (12) years old and am in the  
7<sup>th</sup> grade. I was born in Brewerille, Kamara  
Town, Fipo-River Montserrat County Libers.

As a child growing up life isn't that  
easy for me and my family. my mother is  
doing a small business that doesn't earn  
much and my father is also doing busi-  
ness but that is out of time business and  
he doesn't earn much as well and as  
a result of that am struggling as a ch-  
ild. At my age, I sometimes sell just  
to help my parents with household expen-  
sive. One thing that keeps me going always  
in my situation as a child is that my  
parents always encourage me to trust  
in God and believe in myself to succ-

eed in this life. I love my parents very much because despite our situation, they show me with so much love that is that the reason why I want to study ~~very~~ hard to make them proud of me. I love going to church as a child because I believe in our Lord and Saviour Jesus Christ and I know that by His grace I will succeed in life. Life is very difficult at the moment especially now that ~~our~~ our country is passing through difficult times but I know my life will take a better turn when I study hard and get help from KITA-USA.

I started school at the age of six (6) because of my parents poor financial status. My parent enrolled me at the Musraf Jehan Ahmadiyya Elementary and Junior High school in my community.

When I started school, I was boring because I was ashamed at first knowing that I was the oldest in my class especially when my classmates ~~star~~ became laughing at me. One thing that kept me going was that I was loved by my Teachers and I receive encouragement

from them. I studied very hard day and night to make a successful pass for this reason, I got double promotion from kindergarten to the first grade 2015-2016.

2019-2020, I got double promotion again from grade 4<sup>th</sup> to grade 6<sup>th</sup> with the average of 87%.

Due to financial problems again, I had to leave the school and my parents enrolled me into a much reasonable school that they could afford. They enrolled me at the Elizabeth Nnadi Tweh Memorial Academy 2020-2021 where I am presently.

I took advantage of the scholarship RIAA USA is offering because I know this scholarship will help me achieve my goal.

It has always been my dream though to attend Ricks Institute but I dare not say that to my parents back then because they can't afford the school fees.

To conclude, am really hoping that the RIAA-USA will give me that chance I have always been praying for.
