Parent(s) Contacts: 0777630942 Email (if any): Senkel2810@yahoo.

What do you want to be when you grow up and why: I want to become a medical doctor when I grow to save lives.

What do you enjoy doing (hobbies): I enjoy singing, dancing, reading and laughing.

WHY DO YOU CONSIDER YOURSELF A STUDENT IN NEED OF ASSISTANCE: TELL US YOUR STORY

Childhood / School Life: My name is Juanita P. Seneh, I'll be turning 14 on July 21. I attend the Thelma A. Morgan International School System located in Brewerville.

I like to become a medical doctor in the future to save lives and also to help solve the problem of doctor shortage in Liberia.

I want the scholarship so I can get education from one of the best schools in Liberia to fulfill my dream in becoming a medical doctor. Well, my parents ain't working for plenty money to fulfill my dream.

Their income is only enough to provide our daily needs.

I have one brother and one sister and their names are Kelvin Seneh Jr and Nathalyn P. Seneh. When I was a child, I was a shy and quiet person which I still am. Everybody loved me. I used to play a lot but also used to study well.

X I often visited my grandmother because I love her a lot and her place is very quiet and peaceful. I never used to eat too much that's why I am not fat. I am a very friendly person so I have many friends.

Well, I am the youngest and the most quiet in my class. I am also in my school choir. During my free time, I gather the children in my community who don't know how to read and write to teach them.
